Our Philosophy

Canterbury is a non-profit, non-denominational center established by the Emmanuel Episcopal Church, committed to serving the diverse needs of young children and their families. Canterbury is concerned with the growth and development of the whole child; social and emotional, physical and intellectual. The environment and curriculum are planned for children to delight in exploring their world and to establish positive self concepts for learning and loving. The staff at Canterbury is concerned with the rights and integrity of children. The staff is hired not only for their experience and education but also for their professionalism and ability to relate to children.

REGISTRATION

Registration begins in January for the following school year. (September-June) An enrollment fee saves your child's placement in the center for the school year. The fee is non-refundable and cannot be applied towards tuition. Admission is open to all children two years and nine months old through Kindergarten. All children are accepted on the assumption that they can adjust to a group situation and are toilet trained.

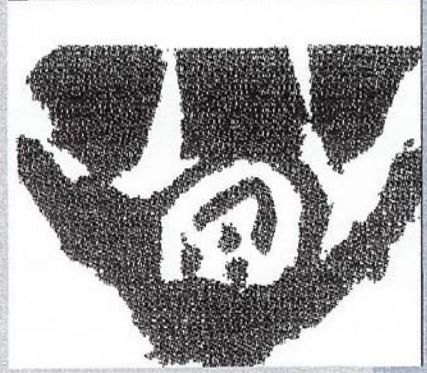

Our school is a non-profit center whose budget operates on yearly tuition fees. The 37 week Pre-School programs and the 38 week Kindergarten payments are made in ten installments, paid one month in advance. There are no tuition charges due for December.

February or April vacation unless your child is using childcare. These weeks are billed separately and are billed hourly.

Summer Camp Programs

Programs are available during the months of June, July and August. Two, three or five-days are offered. The summer camp tuition is billed in two installments. You must be enrolled for the school year in order to register for these programs. A minimum attendance of two weeks is required.
